Estimated Project Cost and sources of support

•Amount requested from the Stratton Foundation	_____
•Amount coming from the organization budget	_____
•Amount anticipated from other charitable sources	_____
•Total cost of the project	_____

If the application is for a multi-year project, please attach a budget for subsequent years.

*Please note – applications will NOT be considered if an*

- Application is incomplete or applications instructions are not followed
- A request is made from an organization that has received a grant in the last five years that has not submitted all appropriate follow-up reports

Describe in one to two sentences the

1. Mission and scope of activities provided by the organization

2. Need for the project

3. Anticipated impact

4. Describe the resources needed for the project and ways in which the organization will provide them, including staffing, materials, and planning

5. If additional funding will be required, please explain who, how, and when additional funding will be acquired and how funding for the project will be sustained

6. Approximate number of people that will benefit in the communities we serve

7. What is the timeline for the project? Please establish the date for submission of “Grant Follow-Up Report”. This date must be within one year of delivery of grant funds even if the project is not completed.

8. What is the Measurable Outcome for the project? Briefly explain how this outcome correlates with the project goal and the purpose of the Foundation’s Focus Grant program.

9. If one or more McCarty or Focus grants from the Stratton Foundation have been received in the past five years, please describe the impact of the last grant in no more than three to five sentences.
